Stay safe and stay out of trouble

Are you okay?

Safe, okay, tired. Kc PB helped de  
escalate issues in the capital  
building between trump supporters  
and cops.

We entered 30 minutes after  
building was breached. Told people  
to stop acting like anarchists.

Told some people to start bagging  
trash. From where they threw trash  
cans at cops, along with a woman  
who was saying the same thing to  
the protestors.
